FISCAL ANALYSIS

ASSUMPTION

Officials from the **Secretary of State's Office (SOS)** assume there appears to be no rule making to be promulgated as a result of the bill. However, it is implied that in the future rule making could apply. If this would occur, then the cost would be based on the number of pages in Code of State Regulations. For any given rule, roughly half again as many pages are published in the Missouri Register as in the Code because cost statements, fiscal notes and the like are not repeated in the Code. The estimated cost of a page in the Missouri Register is \$22.50. The estimated cost of a page in the Code of State Regulations is \$26.50. The impact of this legislation in future years is unknown and depends upon the frequency and length of rules, filed, amended, rescinded or withdrawn.

Officials from the **Department of Public Safety - Highway Patrol** and **Governor's Office** assume the proposal would result in no fiscal impact to the agencies.

Officials from the **Department of Elementary and Secondary Education (DESE)** assume the proposal would result in no fiscal impact to DESE or local public school districts.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposal would establish the Safe School Blue Ribbon Award, which the Governor could award to any of the top twenty school districts as determined by safe schools criteria developed by the State Board of Education. On or before July 1, 2001, the State Board would develop criteria for the award.

DESCRIPTION (Continued)

In addition to referring the top twenty school districts to the Governor, the State Board would also issue a report to the Governor and General Assembly the twenty school districts attaining the lowest score pursuant to the award criteria. The State Board would issue recommendations for school safety improvements.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
